## RALPH GARDNER WOUNDED D-DAY, DIES OVERSEAS

Pfc. Ralph B. Gardner, 32, died June 7 from wounds received on D-Day, according to a telegram received by his wife, the former Miss Dorothy Lehmer, Dillsburg, on Monday from the War Department. He would have observed his 32nd birthday July 21.

On July 17 Mrs. Gardner received a telegram notifying her that her husband had been wounded June 6 in France.

Pfc. Gardner was inducted into the service at Camp Wheeler, Georgia, in June, 1941, and was discharged September, 1941, due to being over age. He was re-inducted in January, 1942, and received training at Ft. Meade, Md., and Camp Blanding, Fla., before going overseas in September, 1942.

Surviving are his widow; his parents, Mr. and Mrs. C. J. Gardner, Dillsburg; one brother, Harry, Dillsburg; and a sister, Mrs. Amos Glass, Dillsburg.

Prior to his induction he was employed by C. H. Masland and Son, Carlisle.

He was with an Infantry regiment.

## BANKER RESIGNS FAIRFIELD POST

Robert B. Martin, cashier of the First National bank of Fairfield for the last 14 years, presented his resignation to the bank's board of directors at a meeting Tuesday and announced that on September 1 he will become associated with J. K. Kipp and Son, Harrisburg realtors.

During Mr. Martin's years of service at Fairfield he completed a four-year course with the York chapter of the American Institute of Banking. He also served as president of the Adams County Bankers' association for one year and has been a member of the council of administration of that organization.

Recently he served as a member of the executive committee of the Pennsylvania Bankers' association. Before going to the Fairfield bank Mr. Martin held a position at the First National bank here for seven years. He is the son of the late Harry B. Martin and Mrs. Kathryn I. Martin, now residing in Philadelphia.

Mr. and Mrs. Martin and their daughter expect to move from Springs Avenue to Harrisburg late next month.

## FRESH FRUIT PRICES LISTED

New community ceiling prices on fresh fruits and vegetables, effective Thursday, were announced today by the OPA.

Six commodities were revised downward while the item of western peas moved up one cent per pound. Fresh peaches appeared on the new list with a ceiling of 14 1/2 cents per pound. Florida oranges were removed from the list, as the season is now over, and this citrus fruit will not be listed again until the next fall crop is ready for harvesting.

Fruit Prices  
Attached are listed the new community ceiling prices: Apples, 22 1/2 cents; bananas, 13 cents; cabbage, 4 cents; carrots, 10 cents; cucumbers, 9 cents; cherries—sweet, western, 46 1/2 cents a pound; lettuce, 11 cents; onions, 25 cents; three pounds; peas, 19 cents; peaches, 14 1/2 cents a pound; plums, 22 1/2 cents; potatoes, 5 cents; watermelons, 4 1/2 cents; oranges, from 52 cents for three pounds, four ounces, to 91 cents for five pounds, eight ounces; grapefruit, from 8 cents to 12 cents, depending on weight; lemons, from 38 cents for two pounds, four ounces to 51 cents for three pounds, four ounces.

## Wounded

Pvt. Daniel Geiman, 20, son of Mr. and Mrs. Theodore Geiman, 155 South Washington street, who was wounded in action in the invasion of France. He is now in an English hospital. Private Geiman served with an infantry regiment and was reported to have been with the first assault forces crossing the English channel.

## MORE COUNTY MEN WOUNDED ON WAR FRONTS

Reports from war fronts in Europe and the South Pacific have added the names of more Adams County men to the casualty list. Among the latest casualties reported are the following:

Pfc. Charles Edward (Bud) Stonestifer, 18, Marine, son of Mr. and Mrs. J. T. Stonestifer, Hanover, formerly of Littlestown, wounded in action in the Pacific theater.

Cpl. Merrill Topper, 22, Marine, son of Mr. and Mrs. Walter Topper, Hanover, R. 4, wounded in action in the Pacific theater.

Second Lt. Clarence W. King, 20, navigator, son of Mr. and Mrs. Elmer F. King, Littlestown, R. D. 1, seriously wounded in action over Ambona Island.

Wounded in Pacific  
Mr. and Mrs. J. T. Stonestifer received a letter from their son, Pfc. Charles Edward (Bud) Stonestifer, 18-year-old Marine, Tuesday, informing them that he had been wounded. The letter was written, apparently by a nurse, in a Naval hospital in Hawaii.

The letter stated that Pfc. Stonestifer had been wounded in the right arm and "can't use my left arm." The young man asserted that he expects to return to duty within a few weeks.

Formerly Worked Here  
Pfc. Stonestifer did not state when or where he had been wounded. He is a member of the Second Marine division which took part in the invasion of Saipan and his parents believe that he may have been wounded there.

Pfc. Stonestifer, who will be 19 years old on December 7, was employed at the Windsor Shoe plant in Littlestown before enlisting in the Marine Corps on August 12, 1942. He trained at Parris Island, South Carolina, and Camp Elliott, California.

## CHILD'S DEATH "ACCIDENTAL," JURY DECIDES

A coroner's jury Tuesday afternoon listed the death of Leon James Menges, 2 1/2-year-old son of Mr. and Mrs. John Menges, Abbottstown, as "accidental," but added a statement that they believed that if the driver of the truck, Maurice Wagner, 25, New Oxford, R. D., had exercised more care the tragedy might have been avoided.

Wagner was driving a truck loaded with about four tons of pulpwood and was headed east on the Lincoln highway last Friday afternoon, when the Menges boy attempted to cross the highway in front of his home, east of the square in Abbottstown. The child, struck near the center of the road, died instantly of a fractured skull and internal injuries.

District Attorney J. Francis Yake and Private George Ackerson of the state police, who investigated the fatal accident, were in conference today and indicated that no decision has yet been reached on the question of filing charges against Wagner.

Describes Brake Test  
The driver, who was represented at the inquest, by E. V. Bullett, Esq., did not testify on advice of his attorney. The jury heard Mrs. Leo Aldland, aunt of the victim of the accident and an eye-witness of the mishap; Dr. T. C. Miller, veteran Abbottstown physician, who found the child dead upon his arrival at the Menges home a few minutes after the accident; and Private Ackerson, who reported on his investigation of the accident and showed the jury pictures of the scene.

The officer declared that in his opinion the child could have been avoided. He testified the driver had an unobstructed view for several hundred feet of the spot from which the child started across the highway.

The officer told of a test he had made at the scene of the driver's ability to stop the truck from a speed of 25 miles an hour which the driver told the officer was the top speed at which he might have been traveling when the accident occurred. On the test he stopped within 80 feet of the spot the child was hit, the officer said, while at the time of the accident nearly 300 feet was required to bring the machine to a stop.

Child Disregarded Warning  
Attorney Bullett attacked the fairness of the test and the officer admitted that no "reaction time" was taken into account. He added, however, that on the test trip the truck's tires made marks on the highway while none had previously appeared.

Mrs. Aldland testified that she was mowing the lawn at her home across the street from the Menges residence and that Leon was running. (Please Turn to Page 2)

## SERVICE FOLK BUY WAR BONDS

Men and women from Pennsylvania serving in the armed forces are also buying war bonds to help bring the war to an early close.

Edmund W. Thomas, chairman of the county War Finance committee, today announced that \$8,000 had been allocated to Adams county's quota in the Fifth War Bond drive from \$2,223,000 worth of war bonds purchased by those in service.

"These men are not only offering their lives to their country but are lending their money to finance the war effort. I think it is a splendid example of the patriotic spirit of our fighting forces," Mr. Thomas said.

It was also announced that sales of "E" bonds in the current war bond drive now total \$380,500, or \$269,560 short of the quota of \$650,000.

Total sales of all types of bonds is now \$3,577,900 or \$780,900 over the quota of \$2,797,000.

Mr. Thomas also revealed the text of one of the many letters he received since it was announced that the county had oversubscribed its quota. The letter, in part follows: "It was very good of you to acknowledge my small bond. I wish that I could do more for my country. I think Adams county is truly remarkable in the way it meets its quotas and I am sure you must be very proud of it."

Regular \$3.98 unrationed Play Shoes, only \$2.49, 4 1/2 and 5 1/2, all colors reduced to \$2.99 a pair. Anna Beyer Specialty Shop.

## Local Women Annoying At Prison Camp

Captain Laurence Thomas, commandant at the prisoner of war camp at the edge of town, this afternoon confirmed a report that several women have made frequent attempts to gain admittance to the stockade in which the Nazis are confined.

Captain Thomas said further that the women "have been causing us a good deal of annoyance by loitering around the camp and have forced us to ask for outside police help."

He said the practice has been going on "practically ever since the camp was located here."

None of the loiterers has yet been taken into custody as loiterers or as violators of camp regulations, he stated.

## FALL IS FATAL FOR MRS. GROFT

Mrs. Sarah Jane Groft, 88, widow of Edward F. Groft, formerly of Union Mills, Md., died at 4:30 o'clock Tuesday afternoon at the Warner hospital from the effects of a fall which she suffered July 15. One hip was fractured in the fall and she was admitted to the hospital on the following day.

Mrs. Groft resided with her son-in-law and daughter, Mr. and Mrs. Harry L. Cratin, Park avenue, Littlestown. Her husband died eight years ago. The deceased was a daughter of the late Jacob and Elizabeth (Myers) Fessler.

She was a member of St. Mary's Reformed church at Silver Run, Md. Surviving are two children, Harry N. Groft, Union Mills, and Mrs. Cratin, with whom she resided, two grandchildren; a sister, Mrs. Mary Forner, Union Mills, and a brother, Orestus Fessler, Westminster, R. 2.

Funeral services Friday morning at 10 o'clock from the J. W. Little and son funeral home in Littlestown with the Rev. A. E. Shenberg officiating. Interment in Union cemetery at Silver Run.

Friends may call Thursday evening from 7 to 9 o'clock at the funeral home.

## Health Department Satisfied With Camp

The State Department of Health sent a special investigator to Camp Nauwauka, Tuesday afternoon, after it had been informed by Dr. C. G. Crist, county medical director, that two boys who had camped at Nauwauka from July 10 to 16 had developed forms of spinal meningitis.

The state investigator said Tuesday evening that no additional measures have been required of the camp beyond the precautionary steps already inaugurated by the camp. The Rev. Marshall Brennan, camp director, told The Gettysburg Times Tuesday afternoon he is certain the camp was not a source of contagion for the two cases.

Stanley Wilfred Stover, Jr., Littlestown, remained in a very serious condition today at the Warner hospital. He is suffering from "meningo-encephalitis," a type of meningitis differing from the more common cerebro-spinal ailment.

## FUND CAMPAIGN FOR SEMINARY GETS APPROVAL

A campaign fund appeal for the Gettysburg Lutheran Theological seminary in the fall of 1945 was authorized at a meeting of the executive board of the Central Pennsylvania synod of the Lutheran church, at Harrisburg, Tuesday.

The campaign is to raise funds for a new library building on the seminary campus. The new building, proposed two years ago and approved by the synod board as a postwar project, will cost \$100,000.

Dr. A. R. Wentz, president of the seminary, said this morning that plans and specifications for the new structure are rapidly being completed so that construction may begin as soon as materials are made available.

The Rev. Henry W. Sternat, pastor of the Biglerville Lutheran church and West Pennsylvania conference representative on the executive board, attended the meeting Tuesday.

Boundary Question  
The executive board also approved a plan to retain existing congregations until the synod and the Ministerium of Pennsylvania have agreed upon boundary lines of the respective synods.

Both synods have churches in the same territory and it had been proposed to change the synodical boundaries so that both synods would not have churches in the same county.

The central Pennsylvania synod, at a meeting earlier this year, approved the plan but it was defeated by a close vote at a similar meeting of the ministerium. The latter, however, proposed that each congregation make its own choice.

Affects Seminary  
At a later conference, the Rev. Dr. R. M. Hamsher, of Harrisburg, president of the Central Pennsylvania synod, and the Rev. Dr. Emil Fisher, president of the ministerium, agreed no churches could be transferred from one synod to the other until the ministerium agreed to the plan to define the synodical boundaries.

The Central Pennsylvania synod executive board, at the meeting Tuesday approved the action of its president.

The question of settling synodical boundaries is of special interest to the seminary here because it may remove some churches from synods supporting the seminary and add others.

The board approved a proposal for Susquehanna university, Selinsgrove to conduct an appeal for funds this fall among congregations of the Central Pennsylvania synod, and individuals to balance its budget.

To Meet in May  
The board set next May 14 through May 16 for the 1945 session of the synod the place to be selected later.

The board admitted two clergymen to the Central Pennsylvania synod. They are the Rev. Alvin H. Buz, former pastor of the Redeemer Lutheran church, Lancaster, now pastor of Grace Lutheran church, York, and the Rev. Gordon E. Folkemer, assistant pastor of St. Matthew's Lutheran church, York, who was recently ordained in the Maryland synod.

## Cossacks Reach Vistula

By DANIEL DE LUCE  
Moscow, July 26 (AP)—Hard riding Cossacks reached the east bank of the Vistula (Vistula) River today while other Russians, supported for the first time by United States planes in direct, tactical operations, surrounded the mauled German garrison at Lwow and stormed into that great rail city.

The Vistula was reached in the Pulawy area, 66 miles southeast of threatened Warsaw. There the Cossacks engaged the battered Germans within 55 miles of Berlin and 142 miles of German Silesia.

Lightnings and Mustangs of the United States 15th Air Force flew from United States bases in Russia, destroying 38 German planes in the Lwow area without loss. They strafed an air-

drome 100 miles northwest of the "surrounded city, shot up German transport and gun positions. Others skinned the trees to machine-gun the fleeing Nazis.

Beyond the Vistula, a rolling plain ideal for tanks and horsemen such as the heavily armed Cossacks, invites swift advance.

Other Russians driving frontally on Warsaw along the main trunk railway from Kiev were reported between 40 and 50 miles from the Polish capital.

Hungary and Czecho-Slovakia were in the path of yet another Russian army group which virtually surrounded Stanislawow and reached within 25 miles of the Hungarian-held Tatar Pass in the Carpathians.

"The German news agency Transocean said in a broadcast that "some of the greatest battles of this war now are raging on the river San-

and on the approaches to the Vistula."

Heavily armed Cossack cavalry, supported by fleets of Soviet fighter bombers, engaged the battered German army on the Vistula's eastern bank in the vicinity of Pulawy, 66 miles southeast of Warsaw.

Decisions appeared near in the Red Army's mighty drives to achieve four great objectives: slash the Baltic front in half; liberate all Poland; bring the war to the soil of East Prussia and Prussia itself; and open the mountain gateways to the Danube basin.

Within 50 miles of Warsaw, symbol of the Polish people's heroism in 1939, joint Russian-Polish forces under the supreme command of Marshal Konstantin R. Rokossovsky savagely engaged German reserves attempting to stabilize the sector between the Polish capital and the Siedlece area.

## Tanks Advance In Normandy

By GLADWIN HILL  
Supreme Headquarters Allied Expeditionary Force, July 26 (AP)—U. S. tanks in their first major operation in France smashed a breach 4 miles deep in the first German defense line west of St. Lo today and hammered into a flaming battle with enemy armor in the streets of Marigny.

The heavy thrust, with infantrymen riding the steel tanks and bombers paving the way, shattered thousands of badly-battered German forces along the enemy's southern defenses.

It penetrated the outer crust of Nazi defenses in a couple of hours, carrying four miles south of the St. Lo-Perriers road, and smashed against the first heavy enemy defenses near Marigny. This is a road junction just north of the highway angling southwest from St. Lo to Coutances near the west coast.

The tank breakthrough was scored on a front 2 1/2 miles wide. To the northeast, other American infantrymen riding on a five-mile front advanced a mile and a half, capturing the town of La Chapelle-en-Juger. Fighting was fierce in this sector, with casualties on both sides.

German troops on the East flank meanwhile fought with suicidal fury trying to halt the British-Canadian advance below Caen. Savage fighting raged in and near Marigny, seven miles east of St. Lo, as the Germans tried to brace to avoid entrapment of their units still in position along the St. Lo-Perriers line to the north.

Heavily armored Sherman tanks crunched forward after a furious aerial bombardment had dazed frontline German defenders. Even though supported immediately by heavy artillery fire, the Germans were unable to beat back the tanks, spurring shells and bullets, and the American infantrymen aboard them who whooped in their pleasure at riding into battle for a change.

The infantrymen picked off German rocket gunners with rifles. The whole 25-mile American front from St. Lo west to the sea rocked to the thunder of a tremendous artillery barrage just before dawn. Then came wave after wave of attacking Mercuries and fighter bombers. Lt. Gen. Omar N. Bradley's doughboys made local advances despite heavy German resistance in some sectors. Supreme headquarters said the front still was expanding.

Field Marshal Erwin Rommel was throwing in armor against the British and Canadians. Packs of tanks attacked at a time, but in the main the British and Canadians were holding their gains of yesterday.

The major German armored thrust against Verrieres was crumpled by cool British gunners who held firm and picked off the enemy tanks or dispersed them.

Just off northwest Sumatra, was last attacked April 19 by a British-American French-Dutch naval force which smashed nearly every military installation in sight.

The Palau attack, if true, was a logical follow-up to the steady American progress on invaded Guam and Tinian to the north in the Marianas.

Palau is one of Japan's most strategic sea fortresses and harbors the center of her South sea government. Its 100 islands shield the southern Philippines. Their geography explains its importance: it lies 560 miles east of Mindanao; 810 miles southwest of Guam; 800 miles northwest of Hollandia, General MacArthur's big base on New Guinea, and is close to the Dutch East Indies.

## New Invasions In Pacific

By J. B. KRUEGER  
Associated Press War Editor  
Powerful Allied naval task forces operating 3,000 miles apart have assaulted Palau in the western Pacific and Sabang in the Dutch East Indies, the Japanese radio said today.

A U. S. task force made up chiefly of carriers struck Palau on an unspecified date. Tokyo said, and two out of 30 attacking planes were shot down. This unconfirmed announcement added, in the usual Japanese vein, that damage was small.

Cruisers, destroyers, submarines and carrier planes hit Sabang yesterday, the Japanese said in another unconfirmed broadcast, raiding the harbor and city there. Two Allied destroyers and a submarine were sunk, Tokyo said.

Sabang, situated on We Island just off northwest Sumatra, was last attacked April 19 by a British-American French-Dutch naval force which smashed nearly every military installation in sight.

The Palau attack, if true, was a logical follow-up to the steady American progress on invaded Guam and Tinian to the north in the Marianas.

Their geography explains its importance: it lies 560 miles east of Mindanao; 810 miles southwest of Guam; 800 miles northwest of Hollandia, General MacArthur's big base on New Guinea, and is close to the Dutch East Indies.

The islands were hit a stunning three-day blow starting March 29. Task force 58—the most powerful

and destructive naval unit in the history of sea warfare—destroyed 28 Japanese ships and about 200 planes in the first U.S. foray into the western Carolines. Most of the enemy fleet topped off 58's coming. Led out of harm's way but the blow paved the way for the Saipan landings in June.

In five days of hard fighting Marines and army troops joined beachheads on Guam and started grinding down Japanese forces trapped on Orote peninsula, southern arm of Apra harbor.

"The beaches are well secured and there's nothing the Jap can do now to run us off," said Maj. Gen. Roy Geiger, chief of American land forces on Guam. Doomed enemy troops jumped in the ocean when land and sea artillery opened heavy fire on Orote. An airfield, a naval base and Agaña, Guam's capital, were the American objectives.

tanks and armored cars, "was virtually destroyed" by the bombardment from upwards of 500 fighter-escorted Liberators, headquarters announced.

At least 100 enemy fighters attacked aggressively in an attempt to disperse the bombers. Their fire and anti-aircraft shells caused the loss of 23 bombers and the Allies lost three other planes, but the bomber gunners accounted for at least 54 interceptors and the escorting fighters claimed 11.

Who Started It?  
John Baer, his assistant, from Forest Hills, N. Y.  
A 19-year-old Nazi who reported he had been a medical student at Munich, said he thought our air bombardment—which he called a rug of bombs—was "inhumane."  
"How about Warsaw?" he was asked.  
"We were defending ourselves."  
"Rotterdam?"  
"Rotterdam was a fortress."  
"And London?"  
"They started it."  
It was the same with the rest, who ranged from 19-year-olds to men in their forties.

Edmund W. Thomas, chairman of the county War Finance committee, today announced that \$8,000 had been allocated to Adams county's quota in the Fifth War Bond drive from \$3,228,000 worth of war bonds purchased by those in service.

"These men are not only offering their lives to their country but are lending their money to finance the war effort. I think it is a splendid example of the patriotic spirit of our fighting forces," Mr. Thomas said.

It was also announced that sales of "E" bonds in the current war bond drive now total \$380,500, or \$269,500 short of the quota of \$650,000.

Total sales of all types of bonds is now \$3,577,900 or \$780,900 over the quota of \$2,797,000.

Mr. Thomas also revealed the text of one of the many letters he received since it was announced that the county had oversubscribed its quota. The letter, in part follows: "It was very good of you to acknowledge my small bond. I wish that I could do more for my country. . . . I think Adams county is truly remarkable in the way it meets its quotas and I am sure you must be very proud of it."

Local Women  
Annoying At  
Prison Camp

Captain Laurence Thomas, commandant at the prisoner of war camp at the edge of town, this afternoon confirmed a report that several women have made frequent attempts to gain admittance to the stockade in which the Nazis are confined.

Captain Thomas said further that the women "have been causing us a good deal of annoyance by loitering around the camp and have forced us to ask for outside police help."

He said the practice has been going on "practically ever since the camp was located here."

None of the loiterers has yet been taken into custody as loiterers or as violators of camp regulations, he stated.

FALL IS FATAL  
FOR MRS. GROFT

Mrs. Sarah Jane Groft, 88, widow of Edward P. Groft, formerly of Union Mills, Md., died at 4:30 o'clock Tuesday afternoon at the Warner hospital from the effects of a fall which she suffered July 15. One hip was fractured in the fall and she was admitted to the hospital on the following day.

Mrs. Groft resided with her son-in-law and daughter, Mr. and Mrs. Harry L. Cratin, Park avenue, Littlestown. Her husband died eight years ago. The deceased was a daughter of the late Jacob and Elizabeth (Myers) Feeser.

She was a member of St. Mary's Reformed church at Silver Run, Md. Surviving are two children, Harry N. Groft, Union Mills, and Mrs. Cratin, with whom she resided; two grandchildren; a sister, Mrs. Mary Forney, Union Mills, and a brother, Orestus Feeser, Westminster R. 2.

Funeral services Friday morning at 10 o'clock from the J. W. Little and son funeral home in Littlestown with the Rev. A. E. Shenberger officiating. Interment in Union cemetery at Silver Run.

Friends may call Thursday evening from 7 to 9 o'clock at the funeral home.

Health Department  
Satisfied With Camp

The State Department of Health sent a special investigator to Camp Nawakwa, Tuesday afternoon, after it had been informed by Dr. C. G. Crist, county medical director, that two boys who had camped at Nawakwa from July 10 to 16 had developed forms of spinal meningitis.

The state investigator said Tuesday evening that no additional measures have been required of the camp beyond the precautionary steps already inaugurated by the camp. The Rev. Marshall Breneman, camp director, told The Gettysburg Times Tuesday afternoon he is certain the camp was not a source of contagion for the two cases.

Stanley Wilfred Stover, Jr., Littlestown, remained in a very serious condition today at the Warner hospital. He is suffering from "meningo-encephalitis," a type of meningitis differing from the more common cerebro-spinal ailment.

FUND CAMPAIGN  
FOR SEMINARY  
GETS APPROVAL

A campaign fund appeal for the Gettysburg Lutheran Theological seminary in the fall of 1945 was authorized at a meeting of the executive board of the Central Pennsylvania synod of the Lutheran church, at Harrisburg, Tuesday.

The campaign is to raise funds for a new library building on the seminary campus. The new building, proposed two years ago and adopted by the seminary board as a postwar project, will cost \$100,000. Dr. A. R. Wentz, president of the seminary, said this morning that plans and specifications for the new structure are rapidly being completed so that construction may begin as soon as materials are made available.

The Rev. Henry W. Sternat, pastor of the Biglerville Lutheran church and West Pennsylvania conference representative on the executive board, attended the meeting Tuesday.

Boundary Question

The executive board also approved a plan to retain existing congregations until the synod and the Ministerium of Pennsylvania in eastern Pennsylvania have agreed upon boundary lines of the respective synods.

Both synods have churches in the same territory and it had been proposed to change the synodical boundaries so that both synods would not have churches in the same county.

The central Pennsylvania synod, at a meeting earlier this year, approved the plan but it was defeated by a close vote at a similar meeting of the ministerium. The latter, however, proposed that each congregation make its own choice.

Affects Seminary

At a later conference, the Rev. Dr. R. M. Hamsher, of Harrisburg, president of the Central Pennsylvania synod, and the Rev. Dr. Emil Fisher, president of the ministerium, agreed no churches could be transferred from one synod to the other until the ministerium agreed to the plan to define the synodical boundaries. The Central Pennsylvania synod executive board, at the meeting Tuesday approved the action of its president.

The question of settling synodical boundaries is of special interest to the seminary here because it may remove some churches from synods supporting the seminary and add others.

The board approved a proposal for Susquehanna university, Selinsgrove, to conduct an appeal for funds this fall among congregations of the Central Pennsylvania synod and individuals to balance its budgets.

To Meet in May

The board set next May 14 through May 16 for the 1945 session of the synod, the place to be selected later.

The board admitted two clergymen to the Central Pennsylvania synod. They are the Rev. Alvin H. Butz, former pastor of the Redeemer Lutheran church, Lancaster, now pastor of Grace Lutheran church, York, and the Rev. Gordon E. Folkemer, assistant pastor of St. Matthew's Lutheran church, York, who was recently ordained in the Maryland synod.

MEHRING WILL  
IS FILED TODAY

The will of Clinton L. Mehring, late of Littlestown, disposing of an estate estimated to be worth more than \$35,000, has been entered to probate at the office of Register Winfield G. Horner at the court house.

James R. Strivig, Littlestown R. 2, tenant on one of Mr. Mehring's farms, and William B. Downs, Hanover, are the executors. The estate is valued at "over \$10,000" in personal property and \$25,000 in real estate.

One section of the will directs that after the death or re-marriage of the widow, a \$100 bequest is to be paid to St. Paul's Lutheran church at Littlestown.

Cossacks Reach Vistula

By DANIEL DE LUCE

Moscow, July 26 (AP)—Hard riding Cossacks reached the east bank of the Wisla (Vistula) River today while other Russians, supported for the first time by United States planes in direct, tactical operations, surrounded the mauled German garrison at Lwow and stormed into that great rail city.

The Wisla was reached in the Pulawy area, 66 miles southeast of threatened Warsaw. There the Cossacks engaged the battered Germans within 358 miles of Berlin and 142 miles of German Silesia.

Lightnings and Mustangs of the United States 15th Air Force flew from United States bases in Russia, destroying 38 German planes in the Lwow area without loss. They strafed an air-

drome 100 miles northwest of the surrounded city, shot up German transport and gun positions. Others skimmed the trees to machine-gun the fleeing Nazis.

Beyond the Wisla, a rolling plain ideal for tanks and horsemen such as the heavily armed Cossacks, invites swift advance.

Other Russians driving frontally on Warsaw along the main trunk railway from Kiev were reported between 40 and 50 miles from the Polish capital.

Hungary and Czechoslovakia were in the path of yet another Russian army group which virtually surrounded Stanislawow and reached within 28 miles of the Hungarians held Tatar Pass in the Carpathians. (The German news agency Transocean said in a broadcast that "some of the greatest battles of this war now are raging on the river San

and on the approaches to the Wisla.")

Heavily armed Cossack cavalry, supported by fleets of Soviet fighter bombers, engaged the battered German army on the Wisla's eastern bank in the vicinity of Pulawy, 66 miles southeast of Warsaw.

Decisions appeared near in the Red Army's mighty drives to achieve four great objectives: slash the Baltic front in half; liberate all Poland; bring the war to the soil of East Prussia and Prussia itself, and open the mountain gateways to the Danube basin.

Within 50 miles of Warsaw, symbol of the Polish people's heroism in 1939, joint Russian-Polish forces under the supreme command of Marshal Konstantin R. Rokossovsky savagely engaged German reserves attempting to stabilize the sector between the Polish capital and the Siedce area.

Tanks Advance In Normandy

By GLADWIN HILL

Supreme Headquarters Allied Expeditionary Force, July 26 (AP)—U. S. tanks in their first major operation in France smashed a breach 4 miles deep in the first German defense line west of St. Lo today and hammered into a flaming battle with enemy armor in the streets of Marigny.

The heavy thrust, with infantrymen riding the steel tanks and bombers paving the way, endangered thousands of badly-battered German forces along the enemy's southern defenses.

It penetrated the outer crust of Nazi defenses in a couple of hours, carrying four miles south of the St. Lo-Periers road, and smashed against the first heavy enemy defenses near Marigny. This is a road junction just north of the highway angling southwest from St. Lo to Coutances near the west coast.

The tank breakthrough was scored on a front 2½ miles wide.

To the northeast, other American infantrymen hitting on a five-mile front advanced a mile and a half, capturing the town of La Chapelle-en-Juger. Fighting was fierce in this sector, with casualties on both sides.

German troops on the East flank meanwhile fought with suicidal fury trying to halt the British-Canadian advance below Caen.

Savage fighting raged in and near Marigny, seven miles east of St. Lo, as the Germans tried to brace to avoid entrapment of their units still in position along the St. Lo-Periers line to the north.

Heavily armored Sherman tanks crunched forward after a furious aerial bombardment had dazed frontline German defenders. Even though supported immediately by heavy artillery fire, the Germans were unable to beat back the tanks, spurring shells and bullets, and the American infantrymen aboard them who whooped in their pleasure at riding into battle for a change.

The infantrymen picked off German rocket gunners with rifles. The whole 25-mile American front from St. Lo west to the sea rocked to the thunder of a tremendous artillery barrage just before dawn. Then came wave after wave of attacking Marauders and fighter bombers. Lt. Gen. Omar N. Bradley's doughboys made local advances despite heavy German resistance in some sectors. Supreme headquarters said the front still was expanding.

Field Marshal Erwin Rommel was throwing in armor against the British and Canadians. Packs of upwards of 30 and 40 German tanks attacked at a time, but in the main the British and Canadians were holding their gains of yesterday.

The major German armored thrust against Verrieres was crumpled by cool British gunners who held firm and picked off the enemy tanks or dispersed them.

New Invasions In Pacific

By J. B. KRUEGER

Associated Press War Editor  
Powerful Allied naval task forces operating 3,000 miles apart have assaulted Palau in the western Pacific and Sabang in the Dutch East Indies, the Japanese radio said today.

A U. S. task force made up chiefly of carriers struck Palau on an unspecified date, Tokyo said, and two out of 30 attack planes were shot down. This unconfirmed announcement added, in the usual Japanese vein, that damage was small.

Cruisers, destroyers, submarines and carrier planes hit Sabang yesterday, the Japanese said in another unconfirmed broadcast, raiding the harbor and city there. Two Allied destroyers and a submarine were sunk, Tokyo said.

Sabang, situated on We island

just off northwest Sumatra, was last attacked April 19 by a British-American French-Dutch naval force which smashed nearly every military installation in sight.

The Palau attack, if true, was a logical follow-up to the steady American progress on invaded Guam and Tinian to the north in the Marianas.

Palau is one of Japan's most strategic sea fortresses and harbors the center of her South sea government. Its 100 islands shield the southern Philippines. Their geography explains its importance: it lies 560 miles east of Mindanao; 810 miles southwest of Guam; 800 miles northwest of Hollandia, General MacArthur's big base on New Guinea, and is close to the Dutch East Indies.

The islands were hit a stunning three-day blow starting March 29. Task force 58—"the most powerful

and destructive naval unit in the history of sea warfare"—destroyed 28 Japanese ships and about 200 planes in the first U.S. foray into the western Carolines. Most of the enemy fleet tipped of 58's coming, fled out of harm's way but the blow paved the way for the Saipan landings in June.

In five days of hard fighting Marines and army troops joined beachheads on Guam and started grinding down Japanese forces trapped on Orote peninsula, southern arm of Apra harbor.

"The beaches are well secured and there's nothing the Jap can do now to run us off," said Maj. Gen. Roy Geiger, chief of American land forces on Guam. Doomed enemy troops jumped in the ocean when land and sea artillery opened heavy fire on Orote. An airfield, a naval base and Agana, Guam's capital were the American objectives.

Allies Advance In Italy

By NOLAND NORGARD

Rome, July 26 (AP)—The southern portion of the historic city of Pisa was battered today as big German guns stepped up their shelling of the areas below the Arno river which are in American hands.

While the Eighth Army, advancing along a 30-mile front, had penetrated to a point within eight miles of the outskirts of Florence, the Fifth Army, some of whose units are within a few hundred yards of the Pisa famous leaning tower, consolidated its hold on a broad front south of the Arno.

The heavy German shelling of the American held portion of Pisa south of the Arno covered likely river crossings in and near the city with mortar fire.

An Allied communique said Eighth Army units had reached the outskirts of San Casciano, eight miles south of Florence, and in other sectors of the inland front gains up to three miles had been scored.

Near the right wing of the Fifth Army front Allied troops wiped out the last nests of snipers in the towns of San Miniato, 22 miles east of Pisa and 20 miles west of Florence and in San Romano, four miles further west.

In widespread aerial activity yesterday, which included an attack on the Hermann Goering works southwest of Linz, Austria, and on railway and communication lines in northern Italy and Yugoslavia, planes of the Mediterranean Allied Air Force made 1,700 sorties.

During the varied operations, the communique said, 65 German aircraft were destroyed while 26 Allied planes were reported missing.

Reconnaissance photographs showed that the tank works of the Goering plant, turning out heavy tanks and armored cars, "was virtually destroyed" by the bombardment from upwards of 500 fighter-escorted Liberators, headquarters announced.

At least 105 enemy fighters attacked aggressively in an attempt to disperse the bombers. Their fire and anti-aircraft shells caused the loss of 23 bombers and the Allies lost three other planes, but the bomber gunners accounted for at least 54 interceptors and the escorting fighters claimed 11.

# HITLER DECREE MOST SEVERE IN WORLD HISTORY

By DEWITT MACKENZIE

Associated Press War Analyst  
Hitler's decree for total mobilization throughout the Reich and occupied territories contemplates a regimentation of the individual such as perhaps no despot of history, even in the dark ages, ever attempted.

He's after the blood in the turn-up. He proposes to halt all human endeavor excepting that which is directed towards total war.

Every person who is capable of work will be assigned a task to this end. No class can escape. Even the government services are to be combed ruthlessly to secure further cannon fodder and war workers.

To Fight Like Rat  
The meaning of this amazing reorganization is that Hitler apparently is determined to fight to a finish. He's going to make the Allies dig him out of his hole like the rat he is.

In order to secure efficiency the Nazi dictator has streamlined his government and put the task in the hands of just a few. Three men hold the chief positions under his supreme command.

Hitler's deputy, Reich Marshal Goering, is to adapt the whole of public life to the requirements of total war. Propaganda Minister Goebbels is entrusted with the task of smoking out every ounce of war energy. No matter where he may find it. The murderous Gestapo chief, "Hannu" Himmler, is to enforce orders through his big army of "ferocious" Nazi SS troops—and this means that any disobedience or opposition will be punished by death.

How long Hitler will be able to make such regimentation stick remains to be seen, but it looks like a formidable set-up. He may be able to keep the Reich, and to a considerable degree the occupied countries, in hand for the time being.

Destroy Army First

However, as this column remarked the other day, we are mainly concerned with the fighting fronts rather than with the German home front. Our way to lasting peace certainly lies in the smashing of the enemy war machine on the battle field. Once we have destroyed Hitler's armies, the home front will fall in line all right.

There can be small doubt that Hitler's extension of his already tyrannical power means blood on the moon for the Reich and the occupied countries. Reports indicate that Himmler is cutting a crimson swath in his purge of all who even have given a friendly nod to the rebelling Prussian militarists.

The signs are that the purge may be directed against all opposition to the Nazi regime—and there are many Germans who never have approved of Hitler. This is the opportunity for him to do a housecleaning, and he could have selected no more willing agent than Himmler, who seems to take a sadistic delight in murder.

Of course, it's always possible that this handful of brigands who now control the Reich may fall to fighting among themselves. There have been reports, for instance, that Himmler had an eye on Hitler's job. However, there's no indication thus far that the Fuehrer isn't still the big boss of the outfit.

### General Orders A 54-Hour Week

Washington, July 26 (AP)—A 54-hour work week, an increase of one hour a day, was ordered today by Lt. Gen. Brehon Somervell, chief of the Army Service Forces, for all military and civilian personnel in headquarters under his command.

General Somervell's office said the added working hours were necessary "as an accumulation of unfinished work."

Heads of administrative and technical services and service commands also were instructed to establish the longer working day wherever there were backlogs of work.

The order directed that no leaves be granted except under exceptional circumstances, until further notice. In the branches affected, it instructed that any surplus in personnel resulting from the increased hours be diverted to other activities or installations where backlogs of work exist.

## U. S., Britain Will Hold To Polish Policy

London, July 26 (AP)—The United States and Great Britain are generally expected here to continue to support the Polish government-in-exile in London diplomatically while standing ready to give military help to the new Soviet-recognized Polish liberation committee in the hope the two factions can be merged.

This position was viewed as consistent with the Allied policy of lending support to anyone fighting the Germans, but there is no attempt to minimize the deep concern felt over the split among the Poles and its possible repercussions. Russia recognized the liberation committee yesterday as the sole civil authority in Polish territory now being wrested from the Germans west of the Bug river. Both the United States and Great Britain have given their official recognition to the London Polish government, which the newly-created Polish National committee has denounced as illegal.

The leader there was Rep. J. W. Fulbright, 39, (who received a degree from Gettysburg college) who is serving his first term in Congress. Fulbright, Ozark mountain native who grew up to become a Rhodes scholar and university president, gained his first real fame as the author of the "Lasting Peace" resolution in the House, which sought an international organization empowered to keep world order.

Fulbright, while polling heavily as returns mounted may not attain the majority of the total vote of all five candidates he needs to win the senate nomination outright. Latest returns indicate an Aug. 8 runoff between two high candidates will be necessary.

If Johnson's lead stands up, there will be no need of a South Carolina run-off. When more than half the precincts had reported this supporter of President Roosevelt had a majority of all cast.

The Army learned Glover's correct age when crew members in whom he had confided threatened to report him unless he did himself. He was discharged after his commanding officer verified the fact he enlisted when he was 14.

"He said he wanted to do his share in the war," said his mother, Mrs. John McGrath, who signed the papers when he enlisted by giving his age as 18 because, she said, she felt it would "help him find himself."

But now that he's back safely, she says "I signed for him once, but I'll never do it again."

### Says Music Can Aid World Peace

Lenox, Mass., July 26 (AP)—To insure the success of the next world peace conference, Dr. Serge Koussevitzky, in a birthday interview, described an international music festival to be held with it.

That "music can save the world," long has been the philosophy of the famed conductor of the Boston symphony orchestra, 70 years old today.

That its harmonizing influence would assist the new peace conference to avoid the bickering of Versailles, he is equally certain.

This is his suggestion.  
"If our nation should send its greatest singers, players and a leading symphony orchestra to the peace conference—and if other nations would do likewise—we would have an international music event of the highest spiritual value and one that would give the peace conference delegates the rest, peace and joy of the finest entertainments. It would inspire and facilitate their work."

## "COTTON ED" TRAILING IN CAROLINA RACE

(By The Associated Press)

The end of a senate trail, that he set out on nearly 36 years ago beckoned today for the victorious and colorful "Cotton Ed" Smith, New Deal-hating Senator from South Carolina.

Smith was far back in second place in yesterday's Democratic primary and the man he trailed was Gov. Olin D. Johnston, who tried unsuccessfully, with President Roosevelt's help, to unseat the veteran in 1938.

And in Arkansas' Democratic primary, the Senate's only woman member, quiet Hattie Caraway, lagged far behind in a recommitment try she had apparently thought was so safe she could afford to campaign only leisurely.

Fulbright Leading  
The leader there was Rep. J. W. Fulbright, 39, (who received a degree from Gettysburg college) who is serving his first term in Congress. Fulbright, Ozark mountain native who grew up to become a Rhodes scholar and university president, gained his first real fame as the author of the "Lasting Peace" resolution in the House, which sought an international organization empowered to keep world order.

Fulbright, while polling heavily as returns mounted may not attain the majority of the total vote of all five candidates he needs to win the senate nomination outright. Latest returns indicate an Aug. 8 runoff between two high candidates will be necessary.

If Johnson's lead stands up, there will be no need of a South Carolina run-off. When more than half the precincts had reported this supporter of President Roosevelt had a majority of all cast.

The Army learned Glover's correct age when crew members in whom he had confided threatened to report him unless he did himself. He was discharged after his commanding officer verified the fact he enlisted when he was 14.

Miss Ruth Beamer, of Harrisburg, spent Tuesday evening at her home in Table Rock.

The Misses Barbara and Joan Geiselman, of Biglerville, are visiting relatives in Hanover.

## SUGGESTS NEW ITALIAN PACT

Washington, July 26 (AP)—A British suggestion that the Allies write a provisional peace with Italy, which now has the combined standing of defeated enemy and co-belligerent, is before American changes.

This was learned today, also that the plan awaits discussion with Russia and other countries interested in the Italian settlement.

As now contemplated, the peace treaty would leave aside all territorial questions, and probably other final claims such as reparations, for later decision.

Primarily, it would serve to regularize Italy's relations with the United Nations, clarify the position of Italian war prisoners, and enable Italian soldiers to re-form and get into the front lines of the battle in their homeland.

Also, such a treaty would solve the question of the Italian armistice and give considerable prestige to the Italian government, which has complained its position is too weak.

The government of Premier Ivanoe Bonomi has asked that the Allied armistice with Italy be published, presumably with the idea that public reaction to its terms would force revision.

Allied military authorities have opposed publication now on the grounds that it might prejudice actual operations.

### Birth Announcements

Mr. and Mrs. Wilson Clapsaddle, Gettysburg R. 1, announce the birth of an eight-pound, 14-ounce son at the Warner hospital this morning. A son was also born at the hospital this morning to Mr. and Mrs. William Welling, Westminster.

Cpl. and Mrs. Kenneth Small have announced the birth of a daughter, Janet Elaine, July 20, at the Olean hospital, Olean, N. Y. Mrs. Small is the former Miss Clara Wright, Eldred, Pa. Corporal Small, of Gettysburg, is now stationed at Camp San Luis, Cal.

Mr. and Mrs. Harry Kime were recent visitors in York.

Mr. and Mrs. Alexander Kassay and children, of Florida, have concluded a visit with Mrs. Laura Orner.

Plans are being made for the annual Community picnic to be held in the Union Park, on August 8th.

## FIRE INSURANCE RATES TO BE CUT

Harrisburg, July 26 (AP)—A reduction in rates for fire insurance will result in saving Pennsylvania home owners approximately \$50,000,000 in the next year, Gregg L. Neel, insurance commissioner, said yesterday in announcing that the new rates will go into effect on September 1.

The reduction in premium rates has been promulgated by the middle department rating association, which sets up rates for Pennsylvania under existing law. More than 90 per cent of all companies doing business in the state belong to the association which Neel said writes about \$39,000,000 worth of business yearly.

A change in policy forms used by the association will also aid the insurer of residence household furniture since coverage has now been extended by most companies to cover household effects "while elsewhere" than at the location named in the policy.

This extension now gives the insured protection for goods at laundries, cleaners, fur storage warehouses, at clubs, in hotels and elsewhere.

ning to join her after disregarding her instructions to wait until she came for him, Mrs. Aland screamed to Leon's older brothers to try to stop him as she heard the truck approach.

She said once the truck was going "more than 35 miles an hour" and later mentioned "25" in the same connection. She did not hear brakes screech and did not see the truck swerve, she said.

Members of the jury were Mares Sherman, George T. Raffensperger, James Pierce, I. C. Bucher, D. D. Kendlehart and Hugh C. McIlhenny. The inquest was held at the court house.

District Attorney Yake and Dr. C. G. Crist, county coroner, questioned the witnesses.

## Wacs Donate Blood For Transfusions

Twenty-three WACs of Camp Blanding, Florida, including Pvt. Lucinda A. Stock, daughter of Mrs. Susan L. Baker, Abbeystown, have given blood transfusions, approximately one pint each, since the beginning of the year, it was disclosed today.

In each case, after a test, with a transfusion coming up, a WAC is "on call" sometimes for a day or two. This means that she must stay in the area, or within call of the post. Often this has been over a week-end. The girls, however, have been eager and willing, to donate their time and blood.

## NEW ANTI-FDR PARTY FORMED

Birmingham, Ala., July 26 (AP)—A group of Alabama anti-administration Democrats formed a new political party last night and voted to call a state convention here August 4 to name Presidential electors pledged "to some Democrat other than Mr. Roosevelt."

Fred Rucker of Birmingham, who said he was chairman of the meeting at which the action was taken, declared that the party would be called the American Democratic Party.

Dr. Gleason L. Archer, Boston, chairman of the American Democratic committee, was quoted in a release as telling the group that the Democratic party is "nothing but a group of office holders dominated by the CIO Political Action committee."

The meeting, although not closed to the press, was held on an off-the-record basis.

Capt. O. D. Coble has arrived safely in England according to word received by his wife at their home in Bendersville.

## HITLER DECREE MOST SEVERE IN WORLD HISTORY

By DEWITT MACKENZIE  
Associated Press War Analyst

Hitler's decree for total mobilization throughout the Reich and occupied territories contemplates a regimentation of the individual such as perhaps no despot of history, even in the dark ages, ever attempted.

He's after the blood in the turnip. He proposes to halt all human endeavor excepting that which is directed towards total war.

Every person who is capable of work will be assigned a task to this end. No class can escape. Even the government services are to be combed ruthlessly to secure further cannon fodder and war workers.

**To Fight Like Rat**  
The meaning of this amazing reorganization is that Hitler apparently is determined to fight to a finish. He's going to make the Allies dig him out of his hole like the rat he is.

In order to secure efficiency the Nazi dictator has streamlined his government and put the task in the hands of just a few. Three men hold the chief positions under his supreme command.

Hitler's deputy, Reich Marshal Goering, is to adapt the whole of public life to the requirements of total war. Propaganda Minister Goebbels is entrusted with the task of smoking out every ounce of war energy. No matter where he may find it. The murderous Gestapo chief, "Hangman" Himmler, is to enforce orders through his big army of fanatical Nazi SS troops—and this means that any disobedience or opposition will be punished by death.

How long Hitler will be able to make such regimentation stick remains to be seen, but it looks like a formidable set-up. He may be able to keep the Reich, and to a considerable degree the occupied countries, in hand for the time being.

**Destroy Army First**  
However, as this column remarked the other day, we are mainly concerned with the fighting fronts rather than with the German home front. Our way to lasting peace certainly lies in the smashing of the enemy war machine on the battle field. Once we have destroyed Hitler's armies, the home front will fall in line all right.

There can be small doubt that Hitler's extension of his already tyrannical power means blood on the moon for the Reich and the occupied countries. Reports indicate that Himmler is cutting a crimson swath in his purge of all who even have given a friendly nod to the rebelling Prussian militarists.

The signs are that the purge may be directed against all opposition to the Nazi regime—and there are many Germans who never have approved of Hitler. This is the opportunity for him to do a housecleaning, and he could have selected no more willing agent than Himmler, who seems to take a sadistic delight in murder.

Of course, it's always possible that this handful of brigands who now control the Reich may fall to fighting among themselves. There have been reports, for instance, that Himmler had an eye on Hitler's job. However, there's no indication thus far that the Fuehrer isn't still the big boss of the outfit.

## FORMER LOCAL GIRL ON STAGE

Dramatic critics of Newport and Providence, Rhode Island, lavished their praises last week on the performance of Nan Butler, 19, who was starring in her first role as "Evelyn Heath" in "Guest in the House." The production played all of last week at the Casino theatre, Newport.

Nan Butler is the stage name of Miss Florence Mirisch, daughter of Mr. and Mrs. Irving Mirisch, Milwaukee, Wisconsin, formerly of Gettysburg. Mr. Mirisch was manager of the Majestic theatre for several years and his daughter attended the public schools here.

In its review of the play "The Providence Journal" said: "Miss Butler gave an outstanding performance that marks her as a coming actress of ability. Hers was a meaty part, which called for skillful delineation and the eerie atmosphere which she created from her entrance was maintained throughout the play and will be remembered."

The Newport Herald said of the former Gettysburgian's portrayal: "When Miss Sara Stamm and Director Arthur Sircom announced recently that they had made a find in Nan Butler to play the part they told the truth in every sense of the word. Miss Butler comes from Milwaukee and though a young actress she has had plenty of theatrical training but in the part of 'Evelyn Heath' she had a role that put her to the full test of her ability. She did a fine job."

As the result of her fine dramatic work talent scouts of the RKO and Warner Brothers film companies are carefully watching her work. Miss Butler received her professional training at the Neighborhood Playhouse, New York, and has done much radio work on programs originating in Milwaukee.

## General Orders

A 54-Hour Week

**Washington, July 26 (AP)**—A 54-hour work week, an increase of one hour a day, was ordered today by Lt. Gen. Brehon Somervell, chief of the Army Service Forces, for all military and civilian personnel in headquarters under his command.

General Somervell's office said the added working hours were necessitated by "an accumulation of unfinished work."

Heads of administrative and technical services and service commands also were instructed to establish the longer working day wherever there were backlogs of work.

The order directed that no leaves be granted except under exceptional circumstances, until further notice, in the branches affected. It instructed that any surplus in personnel resulting from the increased hours be diverted to other activities or installations where backlogs of work exist.

**FRACTURES COLLARBONE**  
Rebecca Lange, three and one-half-year-old daughter of Capt. and Mrs. Austin D. Lange, East Lincoln avenue, suffered a fracture of her collarbone recently when she fell from a chair.

## POLISH LEADERS DIFFER

**London, July 26 (AP)**—The cabinet of the Polish government-in-exile in London convened Tues. to consider the challenge to its authority thrown down by the Polish Committee of National Liberation in Moscow.

**Rome, July 26 (AP)**—King George VI of England began a tour of the battlefields of Italy today. Wearing the dark olive green uniform of a Field Marshal, the King arrived by air from Britain Monday.

## U. S., Britain Will Hold To Polish Policy

London, July 26 (AP)—The

United States and Great Britain are generally expected here to continue to support the Polish government-in-exile in London diplomatically while standing ready to give military help to the new Soviet-recognized Polish liberation committee in the hope the two factions can be merged.

This position was viewed as consistent with the Allied policy of lending support to anyone fighting the Germans, but there is no attempt to minimize the deep concern felt over the split among the Poles and its possible repercussions.

Russia recognized the liberation committee yesterday as the sole civil authority in Polish territory now being wrested from the Germans west of the Bug river. Both the United States and Great Britain have given their official recognition to the London Polish government, which the newly-created Polish National committee has denounced as illegal.

## 16-YEAR-OLD VET OF 31 AIR MISSIONS HOME

**Pittsburgh, July 26 (AP)**—Sixteen year old Staff Sgt. DeSales H. Glover, much-decorated hero of 31 bombing missions over Europe, is back home with mother, and that's where he's going to stay—at least until he's old enough to re-enlist without her consent.

The Army learned Glover's correct age when crew members in whom he had confided threatened to report him unless he did himself. He was discharged after his commanding officer verified the fact he enlisted when he was 14.

**Often Decorated**  
"He said he wanted to do his share in the war," said his mother, Mrs. John McGrath, who signed the papers when he enlisted by giving his age as 18 because, she said, she felt it would "help him find himself."

But now that he's back safely, she says "I signed for him once, but I'll never do it again."

Young Glover, a native of Clearfield, Pa., had completed his 31 missions and had earned the Air Medal with four oak leaf clusters, the Distinguished Flying Cross, the Purple Heart, the Presidential unit citation and the European theater of operations ribbon with a bronze star.

**Raided Berlin**  
He participated in the first American raid on Berlin, shot down a German plane and was slightly wounded in the arm by flak. He served with the Royal Canadian air force for one week on detached service and took part in D-day missions.

The six-foot tall waist gunner who weighs 127 pounds never shaved before he went to the army. "I'll never forget that day down in Miami Beach when the sergeant asked me when I had shaved last," he said. "I had to admit I had never shaved and he told me it was time to start."

## Says Music Can Aid World Peace

**Lenox, Mass., July 26 (AP)**—To insure the success of the next world peace conference, Dr. Serge Koussevitzky, in a birthday interview, described an international music festival to be held with it. That "music can save the world," long has been the philosophy of the famed conductor of the Boston symphony orchestra, 70 years old today.

That its harmonizing influence would assist the new peace conference to avoid the bickering of Versailles, he is equally certain.

"If our nation should send its greatest singers, players and a leading symphony orchestra to the peace conference—and if other nations would do likewise—we would have an international music event of the highest spiritual value and one that would give the peace conference delegates the rest, peace and joy of the finest entertainment. It would inspire and facilitate their work."

## HOSPITAL REPORT

**Mrs. William Welling, Westminster; Sterling Shafer, Gardners R. D.; Mrs. Wilson Clapsaddle, Gettysburg R. 1, and Roy Hankey, Gettysburg R. **Pvt. John W. Cullison, Breckenridge street**, attached to a reconnaissance battalion, is serving with American forces in France, according to an air mail letter received here.

## "COTTON ED" TRAILING IN CAROLINA RACE

(By The Associated Press)

The end of a senate trail that he set out on nearly 36 years ago beckoned today for the vociferous and colorful "Cotton Ed" Smith, New Deal-hating Senator from South Carolina.

## SUGGESTS NEW ITALIAN PACT

**Washington, July 26 (AP)**—A British suggestion that the Allies write a provisional peace with Italy, which now has the combined standing of defeated enemy and co-belligerent, is before American authorities.

This was learned today, also that the plan awaits discussion with Russia and other countries interested in the Italian settlement.

As now contemplated, the peace treaty would leave aside all territorial questions, and probably other final claims such as reparations, for later decision.

Primarily, it would serve to regularize Italy's relations with the United Nations, clarify the position of Italian war prisoners, and enable Italian soldiers to re-form and get into the front lines of the battle in their homeland.

Also, such a treaty would solve the question of the Italian armistice and give considerable prestige to the Italian government, which has complained its position is too weak. The government of Premier Ivanoe Bonomi has asked that the Allied armistice with Italy be published, presumably with the idea that public reaction to its terms would force revision.

Allied military authorities have opposed publication now on the grounds that it might prejudice actual operations.

## FIRE INSURANCE RATES TO BE CUT

**Harrisburg, July 26 (AP)**—A reduction in rates for fire insurance will result in saving Pennsylvania home owners approximately \$5,000,000 in the next year, Gregg L. Neel, insurance commissioner, said yesterday in announcing that the new rates will go into effect on September 1.

The reduction in premium rates has been promulgated by the middle department rating association, which sets up rates for Pennsylvania under existing law. More than 90 per cent of all companies doing business in the state belong to the association which Neel said writes about \$39,000,000 worth of business yearly.

A change in policy forms used by the association will also aid the insurer of residence household furniture since coverage has now been extended by most companies to cover household effects "while elsewhere" than at the location named in the policy.

This extension now gives the insured protection for goods at laundries, cleaners, fur storage warehouses, at clubs, in hotels and elsewhere.

ning to join her after disregarding her instructions to wait until she came for him. Mrs. Altland screamed to Leon's older brothers to try to stop him as she heard the truck approach.

She said once the truck was going "more than 35 miles an hour" and later mentioned "25" in the same connection. She did not hear brakes screech and did not see the truck swerve, she said.

Members of the jury were Mares Sherman, George T. Raffensperger, James Pierce, I. C. Bucher, D. D. Kendlehart and Hugh C. McIlhenny. The inquest was held at the court house.

District Attorney Yake and Dr. C. G. Crist, county coroner, questioned the witnesses.

## Wacs Donate Blood For Transfusions

Twenty-three WACs of Camp Blücher, Florida, including Pvt. Lucretia A. Stock, daughter of Mrs. Susan L. Baker, Abbotstown, have given blood transfusions, approximately one pint each, since the beginning of the year, it was disclosed today.

In each case, after a test, with a transfusion coming up, a WAC is "on call," sometimes for a day or two. This means that she must stay in the area, or within call of the post. Often this has been over a week-end. The girls, however, have been eager and willing, to donate their time and blood.

## NEW ANTI-FDR PARTY FORMED

**Birmingham, Ala., July 26 (AP)**—A group of Alabama anti-Administration Democrats formed a new political party last night and voted to call a state convention here August 4 to name Presidential electors pledged "to some Democrat other than Mr. Roosevelt."

Fred Rucker of Birmingham, who said he was chairman of the meeting at which the action was taken, declared that the party would be called the American Democratic Party.

Dr. Gleason L. Archer, Boston, chairman of the American Democratic committee, was quoted in a release as telling the group that the Democratic party is "nothing but a group of office holders dominated by the CIO Political Action committee."

The meeting, although not closed to the press, was held on an off-the-record basis.

## HARVEST OF '44 CHERRY CROP IS 6,000,000 LBS.

The harvest of more than 6,000,000 pounds of sour cherries in Adams county is all but complete today with only scattered orchards engaged in "clean up" operations.

A small army of more than 1,200 pickers gathered the crop, one of the largest ever produced in Adams county orchards, and in a month's time earned close to \$100,000 in wages while the growers received an estimated \$400,000 for their cherries.

There was enough labor, canners and growers agreed today, with local help playing a major part in meeting labor needs in orchard and canning plant.

**Quality Was High**  
The quality of the cherries was high, canners reported, but estimated that the total tonnage of the crop was reduced as much as 15 per cent by the dry weather. The size of the cherries was held down by the drought with one canner reporting a marked improvement in the size of the cherries was noted after the showers of two weeks ago.

Nearly 500 persons found employment in the three cherry canning plants in the county—the C. H. Musselman plant at Biglerville, the Orttanna Canning company plant at Orttanna and the Adams Apple Products Corp. plant at Aspers.

All of the plants ran two shifts for the greater part of the season and at Aspers three shifts were run during the peak of the picking season. Women formed a large part of the canning factory helpers. The Orttanna plant used about a dozen war prisoners to augment local help. Jamaicans helped in a number of the orchards particularly in the western and southern parts of the county.

## HORST URGES FARMERS TO 'PLAY SAFE'

The best way for Pennsylvania farmers to observe National Farm Safety Week this week is to make at least two good resolutions and follow each of them 52 weeks of the year, Miles Horst, state secretary of agriculture, declared today.

One resolution is to "play safe" at all times in the handling of machinery, equipment, bulls, horses and other animals, permitting only experienced members of the family or hired hands to do such tasks, he said.

The other is to follow the suggestion of Harrison S. Nolt, Columbia, president of the Pennsylvania Rural Home and Farm Safety committee, to take time during the week to list every hazard that might lead to accidents on the farm and in the farm home, and to make repairs and adjustments as soon as possible.

**10,000 Accidents Yearly**

"It is estimated that 10,000 serious accidents occur each year on Pennsylvania farms," the Secretary said. "Most are due to carelessness. Yesterday I saw two farm people, each with an arm in a sling. One was a man who had been working in a neighbor's haymow and had failed to locate in advance the floor opening through which hay is moved to livestock on the floor below. The inevitable fall broke a bone. The other was a woman who slipped and fell down her own cellar stairs where there was no hand rail. With precaution, both injuries could have been avoided."

"Multiply these two common accidents by the hundreds that possibly have occurred this summer and the net result is the loss of hundreds of thousands of valuable work-hours on the farm where every hour counts in raising food for war."

Mr. Nolt reported that two neighboring Lancaster county farmers last week lost irreplaceable grain

## Speaks Thursday

Miles F. Horst, above, state secretary of agriculture, will be one of the principal speakers at the July meeting of the Adams County Fruit Growers' association Thursday evening at 8:15 o'clock at the South Mountain fair grounds.

Carroll R. Miller, president of the National Peach Council, also will address the meeting.

## Farm Calendar

**Produce Legume Seed**—There is a strong demand for red clover and alfalfa seed at good prices. Farmers who have good second crops are urged by extension agronomists of the Pennsylvania State College to consider producing seed before they turn the cows in or cut the crops for hay. Adapted seed does best on Pennsylvania farms.

**Observe Safety Week**—This is National Safety Week. One way to observe it is by removing hazards which may lead to costly and painful accidents, say agricultural engineers of the Pennsylvania State College. Accident prevention helps farmers financially as well as keeping the production on farms at peak. **Save Seed Oats**—Indications of a generally poor oats crop in the nation lead extension agronomists of the Pennsylvania State College to urge Pennsylvania farmers to save their own or locally grown seed for planting next spring. All seed saved should be placed in a pre-cleaned vermin-proof bin or in clean bags.

**Control Grape Disease**—Spray grapes with 8-8-100 bordeaux mixture to control downy mildew before the berries touch, remind plant pathologists of the Pennsylvania State College. If black rot or mildew is present, spray again before the fruit ripens with 6-6-100 bordeaux.

**Stop Corn Worms**—Control of earworms in sweet corn in the garden can be easily achieved through use of a small medicine dropper and a small bottle of mineral oil, say Penn state entomologists. As soon as the silk turns brown, apply oil at base of the silks.

**Remove Old Canes**—Right after raspberry and blackberry harvest, cut all canes that have finished bearing off at ground level and remove them. Remind Penn State specialists.

"Don't tolerate farm accidents—prevent them," he declared in urging all farmers and farm housewives to make an immediate inventory of repairs and adjustments to buildings, machines, vehicles, livestock pens, steps, ladders and other equipment. "Such a check-up will be surprising," he added.

## CROPS IN ALL PARTS OF STATE IN NEED OF RAIN

Virtually all Pennsylvania farm crops in most sections of the state are showing effects of drought conditions since scattered showers brought only varied degrees of relief to some localities during the week ended Tuesday, July 18.

In its weather and crop report for that week the Federal-State crop reporting service in the state Department of Agriculture declared crops were badly in need of rain in most sections, and listed the following conditions:

Corn is withering in many fields; soybeans are short.

Truck crops in most sections are suffering from lack of moisture. Early potatoes are being harvested but the late varieties need rain.

Tobacco at various stages of growth but rain is still needed. Second crop of alfalfa has been hit by drought; cutting started in southeast.

**Oats Harvest Opens**  
However, peach and grape prospects continue promising and a good crop of early apples is being harvested, with winter varieties generally light. Beet supplies are heavy, beans and cabbage are excessive on some markets but some have been plowed under due to oversupply and low prices.

Oats harvest has started in the southeast as winter grain harvest continues to move northward. Buckwheat seeding is well along and some has appeared above ground.

Sweet corn will move to market in volume the latter part of this week from the Bucks-Philadelphia commercial vegetable area.

The European corn borer is reported "very destructive."

**POTATO ESTIMATE**  
Estimated potato production for Pennsylvania, 29,825,000 bushels, is about one-third that of Maine, leading potato state, where the crop will be about 15,000,000 bushels under last year.

**RAIN BREAKS DROUGHT**

## Firemen's Carnival At Bendersville

Reports on preparations for the annual Bendersville Firemen's carnival to be held Thursday, Friday and Saturday, August 10, 11 and 12, will be received at a meeting of the fire company this evening.

Plans are being made for many forms of games and contests for the amusement of the patrons of the annual event with special musical and stage entertainment provided for each evening.

On Thursday evening, August 10, "Marty's Rangesettes" who claim to be the only all-girl hillbilly band in Pennsylvania will be featured. Friday evening the band of the Vigilant fire company of York will play while Saturday night's entertainers will be "Uncle Extra Little" and his "Western Rangers." Roast chicken suppers are to be served Saturday evening.

## Professor Scores Mediocre Movies

Chicago, July 26 (AP)—Prof. Fred Eastman told an educational conference today that "although the battle for decency" in motion pictures "has been won, only five per cent of the pictures could be classified as excellent, 50 per cent are mediocre, and the rest are largely trash."

Professor Eastman, of the University of Chicago's department of biography and drama in the federated theological faculty, declared that "decency is not enough" in movies because "a picture can be decent and still be insane, stupid and worthless."

## URGES WOMEN TO CAN FOOD

To be sure that home or store shelves are amply stocked for next winter, every family that can must preserve food, says Miss Mildred Adams, home economics extension representative for Adams county. Over half of this year's pack of commercially canned foods will be used for men in the armed forces.

Point-free fruits and vegetables now do not necessarily mean they will be point-free next winter. To help move commercially canned products of last season from store shelves, many foods were removed from the ration list. Already some of these canned foods have been reassigned point values, she reminded.

Some homemakers may find they still have a few of their 1943 jars of canned foods. When figuring their 1944 canning budget of 60 quarts of vegetables and 30 quarts

## Pennsylvania Hens Set June Record

Although there was a seasonal decline of 17 per cent in Pennsylvania egg production for the month of June, laying hens and pullets established an all-time record for the month by amassing a total of 246,000,000 eggs, 2 million more than for the same month last year.

Pennsylvania farm flocks produced 288 million eggs during the preceding month of May. June was the 33rd consecutive month that Pennsylvania hens set up a new high in egg production compared with the same month of the previous year.

of fruits for each member in the family, women should consider their 1943 leftover jars, Miss Adams said. Because canned foods lose vitamin values and fade on long storage, it is advisable to use the 1943 jars first. Six or more daily servings of fruits and vegetables will help keep the family healthy and happy.

## Penna. Tops Wheat Acreage Yields

Pennsylvania farmers this year grew more wheat per acre than the two largest winter wheat producing states in the United States.

The average Pennsylvania yield is estimated at 21 bushels per acre compared with 18.5 in Oklahoma, and 17.5 in Kansas, according to records of the Federal-State crop

reporting service, state Department of Agriculture.

## MILK YIELD DOWN

Milk production on Pennsylvania farms during "June Milk Month" totaled 473,000,000 pounds, a drop of 3 per cent below May and 1 per cent below June 1943, the Federal-State crop reporting service in the state Department of Agriculture announced in its dairy report for June.

## Firemen's Carnival At Bendersville

Reports on preparations for the annual Bendersville Firemen's carnival to be held Thursday, Friday and Saturday, August 10, 11 and 12, will be received at a meeting of the fire company this evening.

Plans are being made for many forms of games and contests for the amusement of the patrons of the annual event with special musical and stage entertainment provided for each evening.

On Thursday evening, August 10, "Marty's Rangerettes" who claim to be the only all-girl hillbilly band in Pennsylvania will be featured. Friday evening the band of the Vigilant fire company of York will play while Saturday night's entertainers will be "Uncle Ezra Little" and his "Western Rangers." Roast chicken suppers are to be served Saturday evening.

## Professor Scores Mediocre Movies

Chicago, July 26 (AP)—Prof. Fred Eastman told an educational conference today that "although the battle for decency" in motion pictures "has been won, only five per cent of the pictures could be classified as excellent, 50 per cent are mediocre, and the rest are largely trash."

Professor Eastman, of the University of Chicago's department of biography and drama in the federated theological faculty, declared that "decency is not enough" in movies because "a picture can be decent and still be inane, stupid and worthless."

Oakdale, Pa., July 26 (AP)—Traffic on the Pennsylvania-railroad's line was blocked for several hours last night by derailment of seven cars of an eastbound coal train, railroad officials reported.

## URGES WOMEN TO CAN FOOD

To be sure that home or store shelves are amply stocked for next winter, every family that can must preserve food, says Miss Mildred Adams, home economics extension representative for Adams county. Over half of this year's pack of commercially canned foods will be used for men in the armed forces.

Point-free fruits and vegetables now do not necessarily mean they will be point-free next winter. To help move commercially canned products of last season from store shelves, many foods were removed from the ration list. Already some of these canned foods have been reassigned point values, she reminded.

Some homemakers may find they still have a few of their 1943 jars of canned foods. When figuring their 1944 canning budget of 60 quarts of vegetables and 30 quarts

## Pennsylvania Hens Set June Record

Although there was a seasonal decline of 17 per cent in Pennsylvania egg production for the month of June, laying hens and pullets established an all-time record for the month by amassing a total of 246,000,000 eggs, 8 million more than for the same month last year.

Pennsylvania farm flocks produced 298 million eggs during the preceding month of May. June was the 33rd consecutive month that Pennsylvania hens set up a new high in egg production compared with the same month of the previous year.

of fruits for each member in the family, women should consider their 1943 leftover jars, Miss Adams said. Because canned foods lose vitamin values and fade on long storage, it is advisable to use the 1943 jars first. Six or more daily servings of fruits and vegetables will help keep the family healthy and happy.

## Penna. Tops Wheat Acreage Yields

Pennsylvania farmers this year grew more wheat per acre than the two largest winter wheat producing states in the United States.

The average Pennsylvania yield is estimated at 21 bushels per acre compared with 18.5 in Oklahoma and 17.5 in Kansas, according to records of the Federal-State crop

reporting service, state Department of Agriculture.

### MILK YIELD DOWN

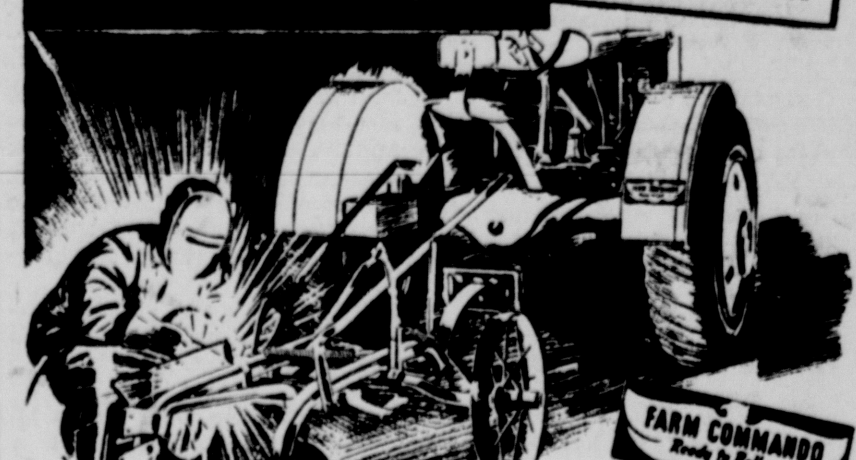

Milk production on Pennsylvania farms during "June Milk Month" totaled 473,000,000 pounds, a drop of 3 per cent below May and 1 per cent below June 1943, the Federal-State crop reporting service in the state Department of Agriculture announced in its dairy report for June.

**INDIANS GAIN ON YANKS BY 10-0 VICTORY**

By JACK HAND

(Associated Press Sports Writer)

Cleveland nursed a budding pennant boom today as the Tribe celebrated its eighth win in nine starts against Eastern opposition and a 10-0 landslide over the New York Yankees.

Lou Boudreau's club, always touted as "the best on paper" but a consistent disappointment to its followers, quit the cellar less than a month ago and moved into fourth place by easy stages.

Although still in fourth spot, Cleveland trailed second place New York by a single game and the leading St. Louis Browns by 4½.

As the Cleveland-New York series went into its second stage tonight the big league calendar called for the final seven games of 16 scheduled for relief. In addition to the all-star game in Pittsburgh that sent \$106,275 into the sevice bat and ball fund, nine special games upped the total to \$304,775.

St. Louis, Cleveland and Chicago in the American and all the eastern clubs in the National give over today's receipts to the war fund in an effort to hit the \$500,000 goal.

**Browns Crush A's**

Bob Munciel upped the Browns margin on the Yanks to 3½ games by turning back Philadelphia, 9-1, for his 10th victory. Lum Harris was the main victim at St. Louis cuffed three A's hurlers for 16 safeties before 3,462 fans, the smallest night game crowd of the major league season.

Boston stopped Detroit's surge toward the first division, 7-3, although Joe Cronin had to call in Tex Hughson to help Yank Terry grab a decision over Rufe Gentry. Bill Dietrich received fine relief support from Jake Wade in hurling Chicago to a 9-6 nod over Washington's Mickey Haefner.

Al Jurisich kept the St. Louis Cardinals in a winning mood by blanking the Phillies, 9-0, with six hits while the National leaders teed off on Al Gerheuser.

Max Butcher threw the other shutout of the day, a 15-0 job for Pittsburgh over New York with Bob Elliott batting in six runs. Chicago trimmed Brooklyn 14-6 as Hank Wyse won and Tom Warren lost and Arnie Carter helped his own cause with a home run as Cincinnati topped Boston 6-2 to hand Ben Cardoni his fifth straight setback.

**SPORTS ROUNDUP**

By FRITZ HOWELL

(Pinch-Hitting for Hugh Fullerton, Jr.)

New York, July 26 (AP)—A spree grew in Brooklyn Monday night as the artless Dodgers blasted nine runs in the seventh inning to beat Pittsburgh's Pirates, and the fans hummed "Dixie" along the banks of the Gowanus in honor of Outfielder Walker who hit the game-clinching homer.

Today, however, after yesterday's 14-6 loss to Chicago—the 22nd defeat in 25 starts for the "Durocher Dopes"—the backers of the Bums were singing their same plaintive old theme song:

"Don't get a run much anymore."

**DOUBLE AND REDOUBLE**

Branch Rickey, asked whether he was contemplating any managerial change due to the Dodger defeats, cleared up nothing at all by replying: "I am contemplating no change right now, but I could change my mind tomorrow or in five minutes if reasons presented themselves. But I do not anticipate those reasons."

Which led Joe Gootter of the Patterson, New Jersey, News to note:

"What the Mahatma means is that if Durocher erasists the difficult before the Dodgers rilistut the pillow, he positively will fatigill the lomicoff."

**WERE ASKING YOU**

No. 1—What pitcher holds the record for beating a club the most times in a season?

No. 2—Who was the only pitcher to hurl a double-header shutout, and against what team?

(No peeking—the answers are at the end of column.)

**SHORT AND SNAPLESS**

Dick Anderson, sports editor of the Evansville (Ind.) Press, is an original guy. When the 20th Armored division baseballers beat the Serval Wings 15 to 0, third sacker Mike Simon of the winners blocked team mate Howie Muderki's vision on a ground ball, and shortstop Muderki muffed it. Official scorer Anderson figured Simon helped cause the fumble, so he scored it: Errors—Simon ½, Muderki ½.

Every Pacific coast league club expects Sacramento has had a fling in first place this year. . . . Gordon Maltzberger, Chicago White Sox reliever, has joined the team's "spectacle club" formerly made up of Pitcher Dietrich and Outfielder Thurman Tucker. . . . Twilight Tear must be a tomboy, the way she beats her male playmates all the time. . . . For its opening season, the American football league will enforce a \$2,500 per game salary limit, and 28-player limit. . . . Lt. Cmdr. E. E. (Rip) Miller, Navy life coach, writing to our vacationing "Spike" Classen, urged "If you catch any big fish send 'em to me—we might have to use 'em for tackles"

**Blue Rocks Lose To York In Upset**

(By The Associated Press)

The Allentown Cardinals swept both ends of a double header from Trenton last night, taking the opener 7-2 and the nightcap 7-3, to tighten their grip on second place in the Interstate baseball league.

Johnny Pakron, Allentown right-hander, gave Trenton only one hit in the opener, while Allentown sewed up the game in the fifth with a six-run spurge.

Allentown hopped on Hal Keller for 12 safeties in the second game, while Froggy Brunswick kept eight hits well spaced.

York current occupant of the No. 3 spot in the league and a game behind Allentown, scored a 4-3 upset over the league-leading Wilmington Blue Rocks. Norm Shipe, York hurler, held the visitors to seven hits and fanned 13 batters.

The Lancaster Red Roses beat the Hagerstown Owls 14-7 in a slugfing match in which the Roses pounded out 19 hits against the Owls 14.

**LOUGHRAN WILL GET DISCHARGE**

By TED MEIER

New York, July 26 (AP)—Tommy Loughran, one of boxing's famous figures, soon will be honorably discharged from the Marines because of over age.

"I expect to get my release within a week," declared the 41-year-old former lightweight champion last night while on a visit to New York.

Tommy, universally recognized as one of the ring's most clever boxers, now wears the stripes of a staff sergeant in the Devil Dogs. He entered the Marines on September 15, 1942, at Philadelphia and was sent to Parris Island, South Carolina, where he was in charge of boot training for nine months. After that he spent four months at New River, North Carolina, and then was transferred to the Marine barracks at the Philadelphia Navy Yard. He is in charge of the physical conditioning of the Marines there.

**Plans no Comeback**

Tommy isn't thinking of a ring comeback when he gets back into civilian life.

"No, no," he laughed. "I expect to go into private business."

Loughran, in tip-top shape from clean living, started boxing in Philadelphia back in 1919 and retired unbeaten as the king of 175-pounds. He fought Primo Carnera for the heavyweight title at Miami on March 1, 1934, but lost a 15-round decision. Privately Tommy always thought he won and regards himself as the "uncrowned heavyweight champion."

His last fight was a 10-round decision over Sonny Walker, of San Francisco, at Philadelphia, January 18, 1937.

**Pioneers Capture Pair From Utica**

(By The Associated Press)

Eastern league teams mixed blackouts with basehits last night, a surprise air raid test interrupting play in Albany, Utica and Binghamton.

The Elmira Pioneers cooled off the Utica Blue Sox in both games of a twin bill, 2 to 1 and 12 to 4. The Blue Sox had previously won 12 of their last 14 starts.

The Binghamton Triplets and Williamsport Grays split a double header, Binghamton winning the opener 3 to 0, and the Grays the second, 9 to 8, in 10 innings. Hartford's Laurels nosed out the Wilkes-Barre Barons, 4 to 3, and the Albany Senators turned back Scranton's Red Sox 7 to 6.

Tommy Richardson, league president, announced imposition of fines on four players. Pitcher Bill Skinner and Catcher Ray Maloney of Wilkes-Barre, were fined for their part in an argument Monday. Beron LaForest and Ike Koslowski, Scranton outfielder and shortstop, respectively, were fined for a glove and bat throwing incident in Albany Sunday.

**Connie Mack Plans To Remodel Park**

Philadelphia, July 26 (AP)—A \$1,000,000 post-war improvement and expansion plan for Shibe park is contemplated by Connie Mack and the Philadelphia Athletics, the Philadelphia Record said in a copyrighted story today.

The plan, which is intended to make Shibe one of the nation's most modern big league parks, calls for an additional 3,000 seats along the first and third base lines. This would boost the total seating capacity to 29,963.

Rebuilding the front of the two grandstands and replacement of two stairways with ramps also will provide additional space for more seats, and home and visiting team clubhouses will be moved to a new section of the park.

The program also calls for a new, larger and more completely equipped press box and a modern restaurant to be built by Park Concessions, Prosser, Auct.

**ALL-STARS TO MEET BREWERS**

Milwaukee, July 26 (AP)—The seven American Association baseball clubs, who haven't had much luck against Milwaukee one-at-a-time this season, will gang up on the league-leading Brewers tonight in an all-star feature.

Operating first under Charlie Grimm, now Chicago Cubs manager, and then under Casey Stengel, the Brewers have been in front almost from the start of the campaign. They lead Louisville by 10½ games.

Stengel will start Earl Caldwell, the league's leading pitcher with a 15-2 record, and follow with Julio Acosta and Charles Gassaway.

Henry (Nick) Cullop, manager of the Columbus Red Birds who will pilot the All-stars has named Mel Deutsch, Louisville knuckballer, for his starter. Then he'll call on Sylvester (Stretch) Goedde, Toledo; Ken Burkhart and Stan Partenheimer of Columbus and Vern Curtis, Minneapolis. Tommy Heath of Columbus will be the receiver.

**SPORT SHORTS**

Mexico City, July 26 (AP)—Roberto Ortiz, Cuban baseball player who until recently was with the Washington Senators, has signed a contract with Mexico City, last place club in the Mexican league. Ortiz left the United States recently when told he either would have to leave or register with selective service.

Chicago, July 26 (AP)—Manager Jim Dykes of the Chicago White Sox may have his baseball worries but apparently he's not fretting over the offensive abilities of his six outfielders.

Four of them, including Ralph Hodgins and Ed Carnett who also are available for infield duty, are batting over 300—Johnny Dickshot, 318; Thurman Tucker, 313; Carnett, 310, and Hodgins, 302. Wally Moses is close behind with 293 and Guy Curtright trails with 263.

Chicago, July 26 (AP)—Joe Baksi, leading heavyweight contender in the civilian ranks who meets Lee Savold here August 7, has sent an S.O.S. to New York for sparring partners.

Baksi has only Roosevelt Thomas to take his practice punches and has had to shorten his sparring drills in order to preserve Thomas.

Noah Webster, maker of dictionaries, published an American speller at the age of 25 which sold one million copies.

**I found The Way to an amazing NEW VITALITY..PEP!**

1—Promote the flow of vital digestive juices in the stomach

2—Energize your body with RICH, RED BLOOD!

THESE two important steps may help you to overcome the discomforts or embarrassment of sour stomach, jerky nerves, loss of appetite, underweight, digestive complaints, weakness, poor complexion!

A person who is operating on only a 70 to 75% healthy blood volume or a stomach digestive capacity of only 50 to 60% normal is severely handicapped. So with ample stomach digestive juices PLUS RICH, RED-BLOOD you should enjoy that sense of well-being which denotes physical fitness... mental alertness!

If you are subject to poor digestion or suspect deficient red-blood as the cause of your trouble, yet have no organic complication or focal infection, SSS Tonic may be just what you need as it is especially designed (1) to promote the flow of VITAL DIGESTIVE JUICES in the stomach and (2) to build-up BLOOD STRENGTH when deficient.

**Build Sturdy Health and Help America Win**

Thousands and thousands of users have testified to the benefits SSS Tonic has brought to them and scientific research shows that it gets results—that's why so many say "SSS Tonic builds sturdy health—makes you feel like yourself again." At drug stores in 10 and 20 oz. sizes. (S.S.S. Co.)
